11/03 reply: Hello, Sherry,

Section 4, Page 10 of the Water Utility Reference Manual discusses the Meter Expense Allocation. The depreciation allocation is calculated by multiplying the average plant balance in a/c 346 by the meter depreciation rate. Unless Cascade's is something different, I believe that is 3.5%. I see your property tax equivalent is set to 0. As long as that is the case, sewer's share would be 0. The return to be reported in Account 474 is based on sewer's half of the return on meters. That is calculated by multiplying the utility's authorized return (2.19%) times the net investment in meters (average meter balance in a/c 346 less average depreciation balance for meters).

11/3/03 response:

Good Morning!

Thank you for the information. Yes, I need to allocate the Sewer. Do you know how I do this? I can't find anything in my notes on how this was done in the past...

THANKS!

Sherry:)

Dear Ms. Gallagher:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. We have no questions only the following comments:

- 1. Page iv of your annual report indicates that sewer service is rendered by Cascade. However, the sewer's share of water meter costs are not reported for taxes, depreciation or return. In 2003, the footnotes to Page iv should indicate that the sewer department does NOT use the water meter for purposes of measuring sewer volume in order to charge customers. If the sewer department IS using the water meters, then costs should be allocated in 2003 and the future.
- 2. The amount reported for Utility Plant Jan. 1 on Page W-7 does not agree with the amount reported in the prior year report on Page F-6. The difference is immaterial since the tax equivalent is forgiven. However, please report the correct amount in the future.

In addition, you may receive additional inquiries from our office regarding your annual report during a rate case, construction authorization, or other Commission reviews.

Thank you for your efforts in preparing your 2002 annual report. We are closing the review of your 2002 annual report. . If you have any questions, please feel free to contact me at (608) 266-3768 or by e-mail at elaine.engelke@psc.state.wi.us.
